

Saxophone and clarinet lessons!

- These lessons are for students from middle school to high school. I will teach the students how to master their foundational abilities in order to achieve a more characteristic playing ability. Students will definitely show improvement and feel more secure in their instrumental abilities.
- Students will bring 20\$ for each lesson. Each lesson will last an hour.
- Contact me at 318-458-3119 and my name is Jonathan Martinez.
